

REISCHAUER INSTITUTE WINTERSESSION GRADUATE RESEARCH GRANT

The Edwin O. Reischauer Institute of Japanese Studies (RIJS) will offer a limited number of Wintersession Graduate Research Grants to **Harvard graduate students in the humanities or social sciences whose work focuses on Japan and who have already done preliminary research on their topic.** *Preference is given to GSAS students in Japanese studies. Applicants should explain why wintersession research is preferable to summer research. This should be addressed in the proposal and supported by the letter of reference.* In principle, applicants should have completed at least three years of Japanese language study or have comparable proficiency in the language. Wintersession research grants are intended to cover travel *from Harvard to Japan and return.* *Please note:* Students receiving a wintersession grant may be less likely to receive RIJS summer funding. Up to \$3,000 in support may be requested and research must be a minimum of two weeks.
